EXPERIENCE

Designer/Advocate | Notable, ZURB Inc. — Jul 2014 to Dec 2015

- Contributed design solutions to improve Notable through sketches, code and wireframes.
- Synthesized findings from from user interviews/ user testing sessions then discussed potential solutions with the Notable team.
- Wrote Design related lessons, made graphics (with marshmallow people) and coded the emails.
- Managed the GitHub repo with issues, milestones, bugs and feature requests then coordinated with designers and engineers to implement changes.
- Demo'd the application to customers for feedback/ sales/ on-boarding/ implementation advice.
- Managed all customer service & billing needs for Notable Platform, Verify App, Solidify App and Notable App

Chef de Cuisine, Purple Onion Cafe & Catering — Jan 2012 to Mar 2013

- Responsible for customer satisfaction for all catering deliverables
- Ensured the quality of all items between two restaurant locations
- Developed the restaurant's style guide with pictures and recipes
- Managed a staff of five and organized to-do lists, ordering and scheduling
